

Sunday and Monday were early arrival dates. Some MTC members enjoyed the “Will Rogers Follies” in the Round Barn Theatre at Amish Acres with dinner on Sunday. Others relaxed or washed their coaches and visited with friends. Monday was set-up time where some of members helped set up for vendors and supplier booths. And, the MTC potluck dinner that evening was outstanding with great food.

Tuesday morning was the first day of the rally. There were seminars galore, and tours of Mandalay Luxury Division and Carrera Design. The early morning Golf outing at the Black Squirrel Golf Club was a challenge to say the least. Fifteen brave golfers played scramble in the fog. The day started out with a lot of fog and of course, the golfers had difficulty seeing the golf-balls. As the day progressed, the Sun came out and it became a very pleasant day of golf and fun for all. The first 2-3 holes were played in the ‘soup’. Most players took a guess at the landing spot of their first drive –most were easy to find if you followed the trail left by the rolling ball. Some golfers easily found their golf ball –however some of the Mandalay golf-balls shall remain forever in the twilight zone! We are looking forward to the next golf outing with more Mandalay friends, come share the fun.

Wednesday afternoon there was a Pet Parade - were did they get some of those costume-outfits for their pets? They were so cute. I just know the Judges had a hard time picking a winner.

Some of the ladies enjoyed the jewelry making, wash-cloth baskets, craft needle tatting and card making classes. There was a large group in every class and everyone had fun making these items as gifts for their friends and family.

**Friday was Oscar Night** and some folks had a great time dressing up, as Dorothy in Wizard of OZ, and the Lion who wanted courage. Some of the other posters were 007, Top Gun, Rat Pack, Friends, Wizard of OZ, Hollywood, Kermit the Frog and Spiderman. We hope that everyone will enjoy these posters.
